## GREEN 11

THE BLOCK IS LOCATED DIRECTLY TO THE CENTER OF THE ENTIRE ASPERN - LAKE ASPERNSEE AND SMALL SQUARE. THE BLOCK IS BUILT IN ONE LARGE BUILDING THAT CHANGES SPATIALLY.

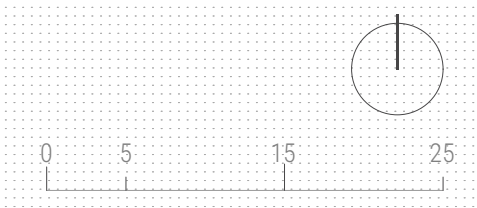

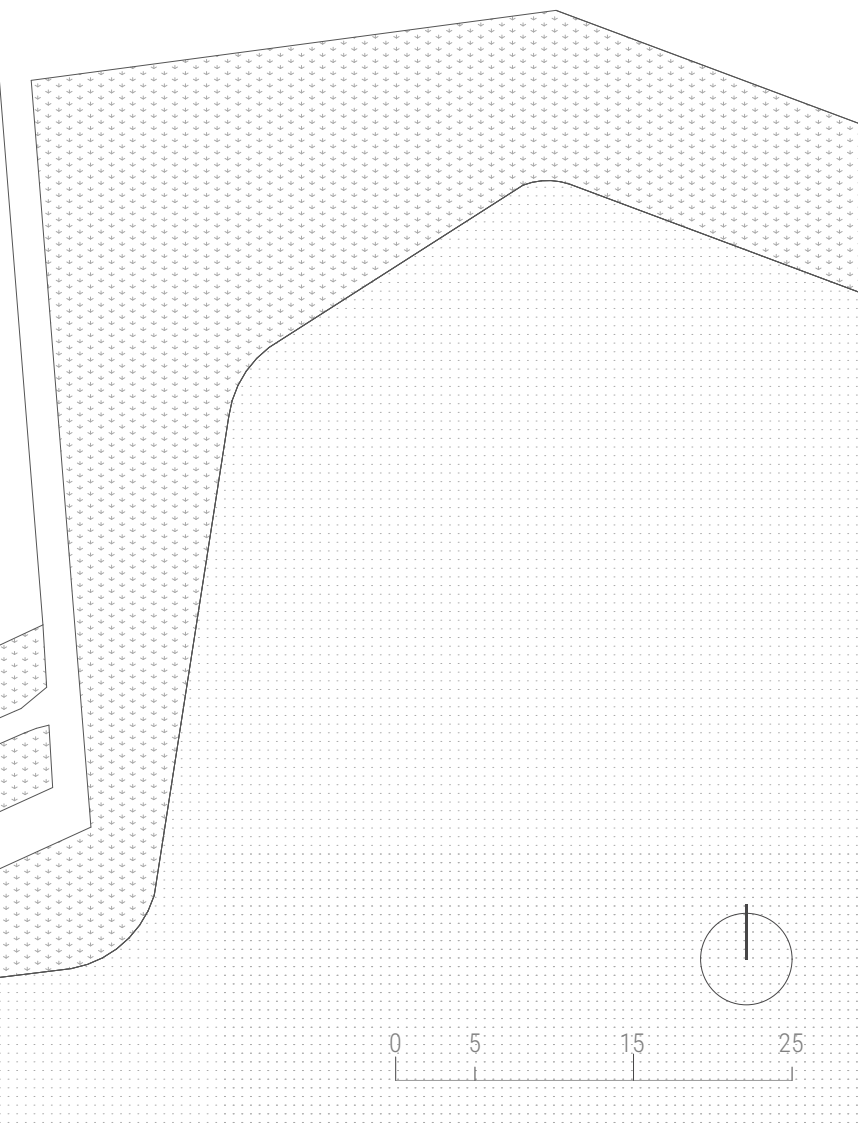

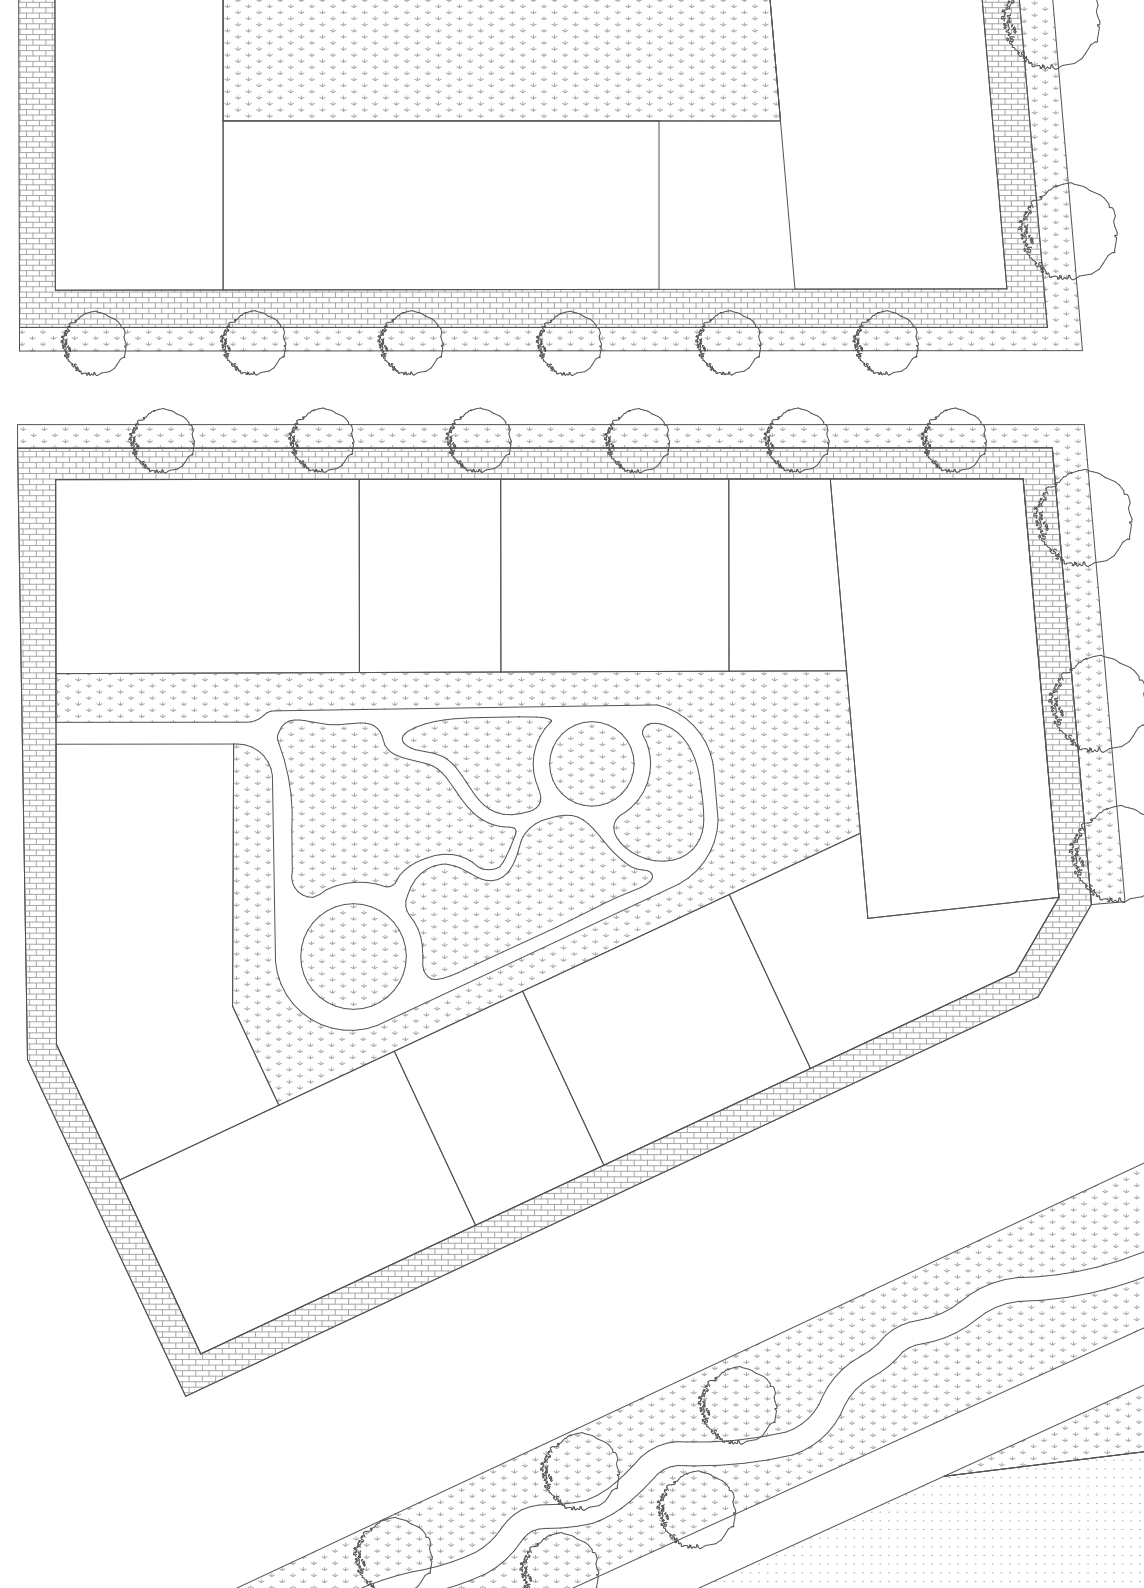

THE FACADE OF THE HOUSE IS SOLVED AS A GREEN FACADE, WHERE CLOSING PLANTS DRAW THROUGH THIN CABLES IN SELECTED FIELDS OF FACADE FROM THE FLOWER POT IN EACH FLOOR. OTHER SURFACES ARE MADE OF METAL AND IN THE CASE OF SHEETS, MESH, TO PREVENT OVERHEATING THE SPACE.

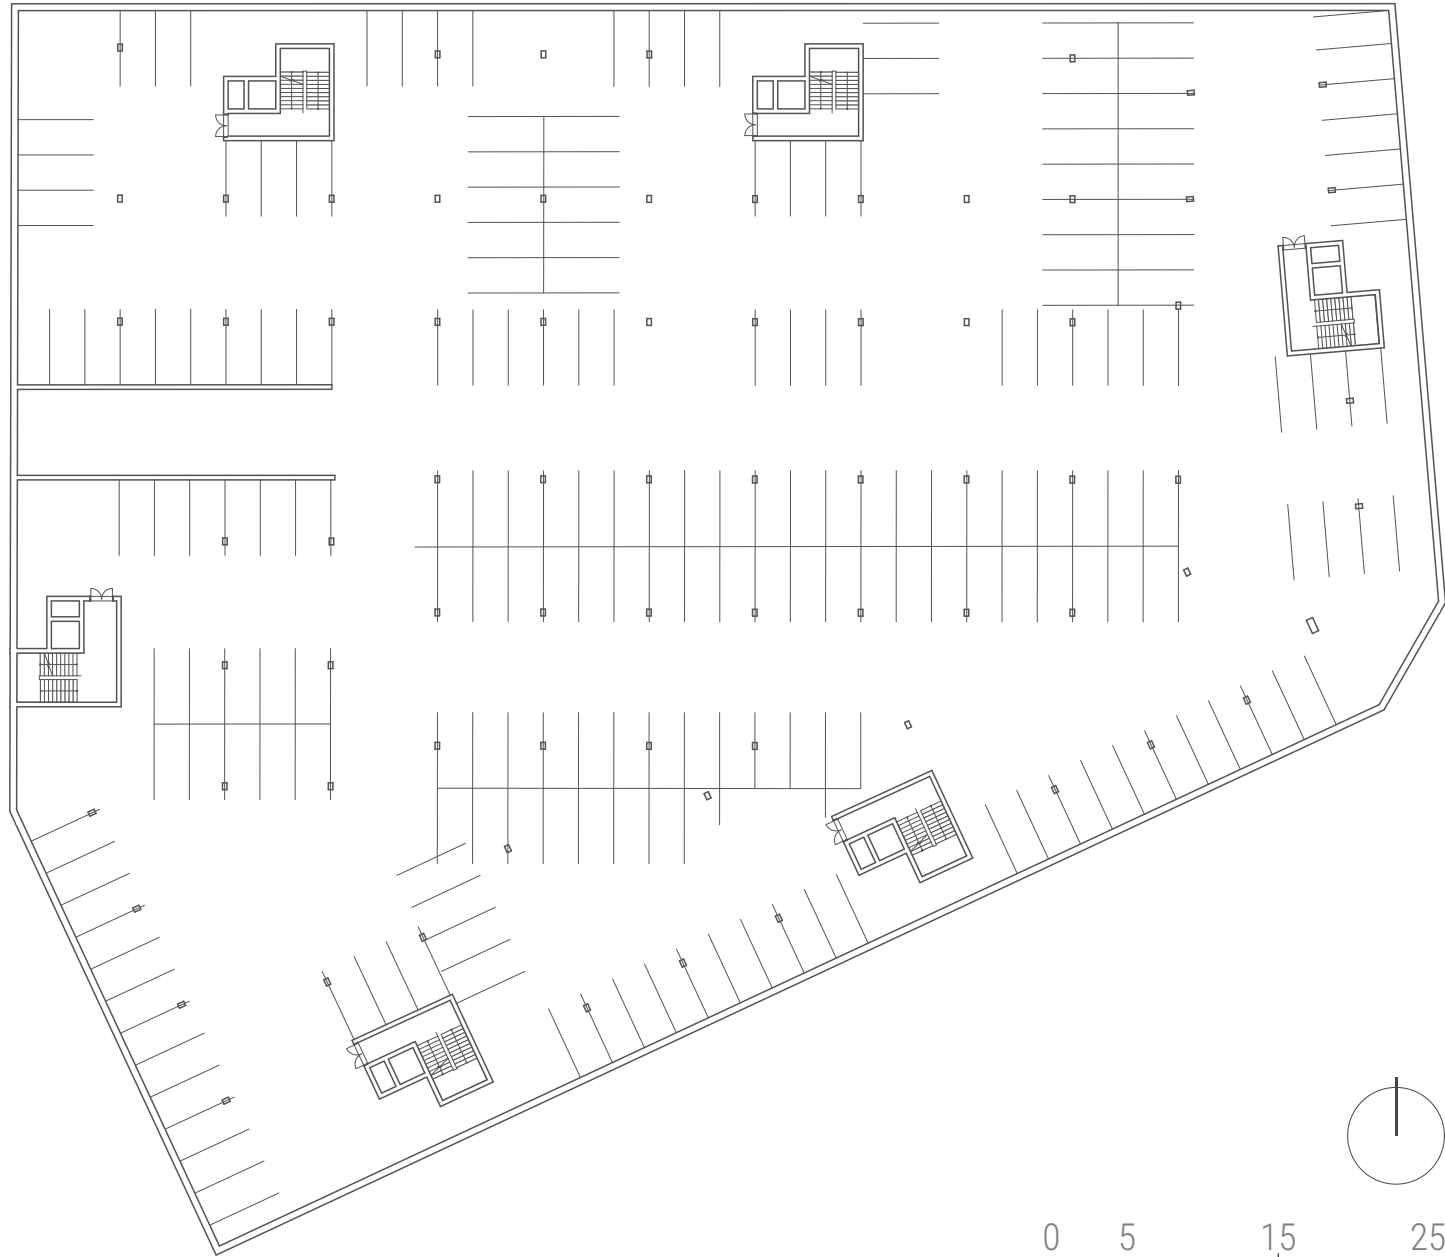

THE FIRST OVERLOAD FLOOR IS FULLY BUILT-IN, DESIGNED FOR CIVIC FACILITIES SUCH AS RESTAURANTS, CAFES, OR SHOPS. FLOORS IN THIS FLOOR ARE DESIGNED DOUBLE TO MAINTAIN VARIABILITY SPACE. THESE AREAS ARE DIVIDED INTO ORGANIC PLANS AND INTERCONNECTED BY A PASSAGE NETWORK. THE PASSAGES ARE ILLUMINATED BY CIRCULAR ATTRAYS THAT LEAD TO THE INNER BLOCK OF THE BUILDING. THIS FLOOR ALSO ENTRIES TO A CONTROLLED ENTRY AREA WITH RECEPTION FOR APARTMENT BUILDINGS, OFFICES AND ORDINATIONS WHICH ARE LOCATED IN THE BUILDING.

ON THE SECOND ABOVE FLOOR, IT IS STOPPED ONLY AROUND THE CIRCUMFERENCE AND THE INTERIOR BLOCK IS SOLVED AS A SEMI-PRIVATE SPACE FOR ALL RESIDENTS OF THE HOUSE AND FRONT GARDENS. IN THE PART OF THE FLOORS, IN ADDITION TO THE APARTMENTS, THERE ARE A DOCTOR'S OFFICE OF THE REHABILITATION CENTER.

ON THE THIRD AND FOURTH OVERALLS ARE THE PREMISES FOR RENT OFFICES, OFFICES AND THE PUBLIC WELLNESS CENTER.

FROM THE FIFTH FLOOR ABOVE, ONLY BLOCK BUILDINGS ARE ESTABLISHED. FOR EVERY ENTRY OF THE APARTMENT BUILDING, THERE IS A COMMON SPACE FOR TIME - CLUB AND A LARGE BIKE STORAGE. TYPE APARTMENTS 1 + KK, 2 + KK, 3 + KK ARE DESIGNED.
