Vysoké domy parcela snese a sluší jí. Chci ukázat, že se i ony mohou chovat přátelsky k blokovému městu.

Zajímá mě, do jaké míry mohu spojit tvrdost věžáků a romantiku dvorečků a zkoumám, kolik různých typologií zvládne jeden typ sekce, ze které strukturu skládám. Inverzí k zastavěným plochám jsou intimní dvory, které se uzavírají a znovu otevírají sama do sebe. Prolínám hranice vysokého a nízkého, vnitřního a vnějšího, světlého a tmavého, rušného a klidného.

Bydlíme v domácnostech, které jsou pestré a různorodé. Občas je lepší být sám a zavřít se. Využívám potenciál pokoje jako odděleného soukromého prostoru, kde mohu a nemusím jen spát. Společně se setkáme v kuchyni.
