Zadáním bylo na základě
japonské skladačky složit
figuru.

Tangram

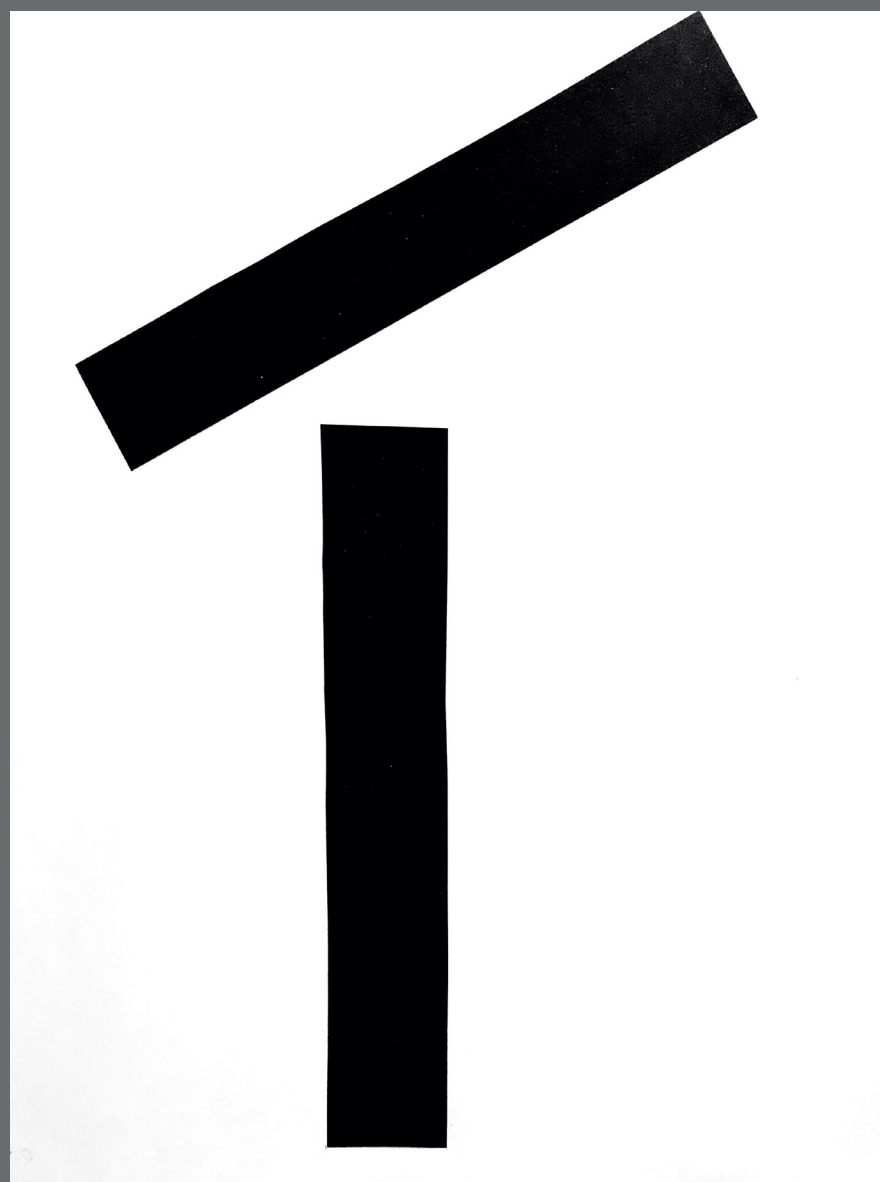

Měli jsme zobrazit kompoziční vztahy a principy přes jednoduché tvary.

Kompozice

Zadáním bylo vytvořit prostorovou kompozice z polystyrénových čtyřúhelníků. Pak jsme to museli zobrazit v perspektivě a nakreslit půdorys.

Prostorová kompozice

Zde jsme museli navrhnout budovu z jednoho z prostorových planů.
